School Guiding Statements

Mission: WHO are we?

Our mission describes the nature of our school community and serves as the basis for our school programmes. It also informs our day-to-day interactions with each other.

*Tsukuba International School
A compassionate learning community,
centered in nature,
celebrating diversity, equality, and opportunity*

Vision: WHAT are we aiming for?

Our vision describes our identity as a school and serves as the basis for our strategic planning.

Tsukuba International School is a small school that uses an “at home” approach to deliver a world-class education in a natural environment.

The school fosters its noted strengths, including its highly professional teachers, its location in Tsukuba Science City, and its strong community spirit to reach its goals.

School-Wide Learning Objectives: WHY are we here?

Our school-wide learning objectives describe the kinds of students we want to graduate from our school.

Our students learn:

- *to be critical thinkers in order to foster peace and understanding*
- *to be creative thinkers in order to find innovative solutions to problems great and small*
- *to demonstrate integrity in all interactions in order to foster trust*
- *to become ethical stewards of our shared resources*
- *to communicate and collaborate in order to make a positive contribution to their communities*

Definition of International Mindedness

At Tsukuba International School, we believe that international-mindedness is:

- *understanding, accepting, and celebrating human diversity*
- *having a sense of our own identity while respecting others, regardless of their cultures, beliefs, or values*
- *engaging with the global community to gain a variety of perspectives and to foster a belief in our shared humanity and guardianship of the planet*
- *being able to communicate with empathy and compassion, by speaking with our own voice and listening with an open mind*
- *being a responsible global citizen by making a contribution and taking action to make the world a better place for all*

Pledge of Non-Discrimination

Tsukuba International School is an equal opportunity educator and employer. We will not discriminate against any student, prospective student, employee, or job applicant on the basis of race, color, gender, nationality, national origin, age, religion, creed, disability, sexual orientation, gender identity or gender expression. We will take measures to ensure against such discrimination in all of our services and practices.

Eligibility

Age of Student at Admission

Tsukuba International School accepts students from age 3 to Grade 10. In special cases, students may be accepted into G11 at the start of the academic year only. Due to the nature of the High School programme, we do not accept new students into Grade 12. Students entering the preschool must be turning 3 years old, fully toilet trained (meaning able to go to the toilet without assistance or special equipment), and able to separate from their primary caregivers in order to be eligible for admission.

Students born between January and December of this year...	...will be placed in this grade for 2024-25*.
2021 (age 3)	Pre-kindergarten 1
2020 (age 4)	Pre-kindergarten 2
2019 (age 5)	Kindergarten
2018 (age 6)	Grade 1
2017 (age 7)	Grade 2
2016 (age 8)	Grade 3
2015 (age 9)	Grade 4
2014 (age 10)	Grade 5
2013 (age 11)	Grade 6
2012 (age 12)	Grade 7
2011 (age 13)	Grade 8
2010 (age 14)	Grade 9
2009 (age 15)	Grade 10
2008 (age 16)	Grade 11
2007 (age 17)	Grade 12

*This age requirement may be adjusted for transfer students who have completed at least one term of school elsewhere. In that case, the grade placement will be decided as above at the time of the interview, but may be reconsidered and adjusted within the first two weeks in light of the student's history and ability.

Knowledge of English at Admission

Student's Knowledge of English

All of our subjects are taught in English, with the exception of Japanese language classes. Our school provides an English language immersion programme. Students' English proficiency is assessed during the initial interview.

Students entering the younger years of the Primary Years Programme (e.g., preschool) are expected to have some knowledge of English. They do not have to be proficient in English upon entry as it is expected that these students will gain fluency through exposure to the language in the educational context. From Grades 1 to 10, students are expected to have functional English at or near grade level in order to be able to keep up with the demanding academic programme that we provide.

The following is a basic guideline for families to gauge whether their children are likely to be able to enter our Middle Years Programme (which starts at Grade 6) or Diploma Programme (which starts at Grade 11) based on their English language ability.

- Entry to Grade 6 - Approximately Eiken Pre-2 or higher (英検準 2 級以上)
- Entry to Grade 8 - Approximately Eiken 2 or higher (英検 2 級以上)
- Entry to Grade 11 - Approximately Eiken Pre-1 or higher (英検準 1 級以上)

Parents' Knowledge of English

In order to honour the obligation to cooperate with the school in the child's education, at least one of the parents, preferably both, should be capable of communicating with the school staff in both spoken and written English. In addition, parents must demonstrate a positive attitude towards English. If parents have the attitude that "English is too hard", they will not be able to foster a positive attitude towards English for their children.

Inclusion

Admission of Students with Special Educational Needs

The school is committed to developing its capacity to offer inclusive education to all students, including those with special educational needs (SEN). To that end, it is important for parents to inform the school of any previously identified special needs when registering their children at Tsukuba International School.

However, it must be recognized that, due to the size of the school, the number of staff members, and/or the resources available in the school and local community, the school may be unable to meet the needs and requirements of some students with SEN. If, after considering all available options, and the best interests of the child and those already enrolled at the school, it is deemed that Tsukuba International School is unable to meet the needs of a registering child, then a place on the roll will not be offered.

Class Size Limits, Waiting Pools, Delayed Entry

Class Size Limits

We have a limit of 14 students in Pre-Kindergarten 1, 16 students in Pre-Kindergarten 2, 20 students in Kindergarten to G5, and 23 students in G6 to G12.

Waiting Pools

For students who have been through the admissions procedures and who have been accepted for enrollment, there are three possible next steps.

- The student is ready to start immediately, and there is space in the class, so the student joins the class.
- The student is going to start in the following term, and there is space in the class so a place is reserved for him/her. He/she starts the class in the following term
- The class is full, so the student is placed in a waiting pool until a space becomes available.

The school considers a range of factors to determine the order of acceptance of students in the waiting pool. It is not "first come, first in". When a place becomes available, the parents will be contacted and will continue the enrollment procedure.

Students can remain in the waiting pool for the rest of the current school year, and the next school year. After that point, students may need to be interviewed again to keep their place in the waiting pool.

Delayed Entry

Students who are accepted for admission can delay their entry and reserve their place up to a maximum of one quarter before enrollment by paying the one-time enrollment fees (application, registration).

In all cases, if the class is full, the student will remain in the waiting pool until a place becomes available.

From Eligibility to Application

1. Confirm Eligibility

Determine your child's eligibility for applying to Tsukuba International School.

<http://tis.ac.jp/admissions/eligibility/>

2. Check Waiting Pools

Take note of any waiting pools that might exist for the grade that your child is applying to. <http://tis.ac.jp/admissions/waiting-pools/>

3. Express Interest in Enrollment

Fill out the online form to express your interest in finding out more about Tsukuba International School. You can use this form to ask for more information before you decide to go further in the process.

<http://tis.ac.jp/admissions/expression-of-interest/>

4. Attend a School Information Session

Attend one of our regular School Information Sessions. This will give you a chance to meet the teachers, see the facilities, and ask questions about the curriculum.

<http://tis.ac.jp/admissions/school-information-sessions/>

5. Apply

If you have determined that you are interested in having your child enroll at Tsukuba International school, and you have followed the above procedures to determine if your child is eligible to apply, follow the application procedures.

Application Procedure

1. Fill out the Application for Admission Form

If you have read through all of the information about admissions (including eligibility, waiting pools, school information sessions, etc.), and you have decided that you would like to enroll your child in Tsukuba International School, download the application package (PDF or Word format) and fill out the Application for Admission Form.

2. Request an Interview

Request an interview through our online interview request form.

<http://tis.ac.jp/admissions/application-procedure/request-an-interview/>

The admissions officer will contact you after you submit the form and let you know where to send the application documents: (1) Application for Admissions Form, (2) copy of your child's most recent report card, (3) any additional transcripts from previous school(s). Please be aware that if there is a substantial waiting pool for the grade(s) that you are applying for, then we may not be able to accept your request for an interview at this time. In that case we will keep your application documents on file and will inform you when we are ready to offer an interview for the grade(s).

3. Attend the Interview

Students will have an assessment interview with a teacher, and parents will be interviewed by the principal. Applicants for Grade 6-11 will be required to do online screening tests in Reading and Math prior to the interview. Please be aware that both parents (or legal guardians) must be present at the interview, in principle (Exceptions may be made in extenuating circumstances, so please contact the school if it is not possible for both parents to attend the interview). Bring a copy of your child's most recent report card to the interview if you have not already included it in the application package.

4. Notification of Results

After the interview, the school will decide whether or not your child will be offered enrollment, based on the teacher's and principal's recommendations. If the teachers feel that they need more information to make a decision, further assessment may be arranged. Notification of the decision will be given within one week of the completion of the interview and any further assessments.

5. Acceptance of Offer of Enrollment

The Acceptance of Offer of Enrollment form must be completed and returned within two weeks of receiving the form. You will be required to fill out the Parent (or Legal Guardian) Agreement and Health Appraisal and return them and any supporting materials (immunization records and health insurance card) to the school. In addition, you will be required to pay the application fee at this time.

6. Waiting Pools

In cases where the student is placed in a waiting pool, the school will contact the family when a place becomes available.

7. Register

When a place is available for your child, the school will send you an online registration form for the academic year that your child is enrolling in.

8. Pay Registration Fee

Based on the information in your registration form, the school will send you an invoice for the school fees. Transfer the registration fee by bank transfer. Payment of the registration fee will hold your child's place (up to a maximum of one quarter in advance).

9. Pay Remainder of School Fees

Pay the remainder of the school fees by the deadline indicated on the invoice.

Potential Outcomes of Admission Procedure

Acceptance of Admission

If your child meets the eligibility criteria, he/she will be either offered enrollment or placed in a waiting pool (if there is no space in the class).

Provisional Acceptance of Admission

In cases where the entrance interview does not provide enough information for an admission decision to be made, or when the school is not sure whether the candidate meets the eligibility requirements, the school may ask the applicant to return at a later date for further evaluation. If the school is not able to come to a clear conclusion about whether the student will be able to thrive and succeed at the school, but feels that there is that potential, the school may offer the student "provisional acceptance". This means that the student will be admitted for one school quarter for observation and evaluation. At the end of the quarter, the student's parents and teachers will meet to discuss the student's progress and make a decision about whether to grant the student full acceptance of admission.

Admission Declined

When the teachers decide that a student will not be well-served by receiving the education that is provided at TIS, the student will be declined admission.

Admission Discretion

Tsukuba International School is a private institution and consistent with legal requirements, reserves the right to accept or reject any application at its discretion at any stage of the application process, and will not publically disclose the reasons for its decisions. This practice allows the admissions committee to consider a broad range of factors contributing to a student's potential fit and success in the school, while maintaining the confidentiality of the committee's deliberations.

Tuition Policies

Payment of School Fees

The fees for the entire school year can be paid in one lump sum (due June 1) or three payments (due June 1, October 1, and February 1). The fees for April Enrollment can be paid in one lump sum (due April 1) or three payments (due April 1, May 1, and June 1).

Non Refundable Registration Deposit

Once a student is enrolled, the registration period for the subsequent school year will be from February 1 to March 1. Parents who are registering children for the subsequent school year will be asked to pay a non-refundable registration deposit (equivalent to the facilities fee) to confirm their registration for the next school year. (*Please note, this is not the same as the Registration Fee which is a one-time enrollment fee due upon acceptance).

Discounts

Lump Sum Discount (10%)

Tuition fees can be paid in one lump sum (on or before August 1), or in three payments (due August 1, November 1, and February 1). Families who pay total annual fees in one lump sum on or before August 1 receive a 10% discount on tuition fees.

Sibling Discount (25%)

The tuition fees for the second (and any subsequent) child who enrolls from a particular family are discounted by 25%. The sibling discount cannot be combined with any other discount.

Tsukuba Science City Network Agreement (Discount for children of international researchers)

Tsukuba International School has a cooperative agreement with Tsukuba Science City Network. International researchers who work for research institutes and universities that belong to the Tsukuba Science City Network can benefit from reduced tuition fees. This is the school's way of contributing to an environment that allows research institutes in Tsukuba to invite top level researchers from abroad to come to Tsukuba.

Note: The school fees are comprised of two one-time enrollment fees (application and registration fees) and four annual fees (facilities, materials, tuition, and activity fees). The above discounts only apply to the tuition fee. The one-time enrollment fees and the annual fees must be paid in full by all students, including siblings.

Accepted Payment Methods

All fees must be paid by bank transfer (furikomi) by the due dates. No cheques or foreign currencies will be accepted.

Penalties for Late Payments

Please note that failure to pay school fees, including the deposit, lump sum, or any of the installments, by the respective due dates may result in the school withholding the student's school reports, references, and/or examination results until payment is made. If payments are not made in a timely manner, the student may be suspended or permanently expelled from the school.

Pro-rated Fees for Mid-Year Enrollment

Tuition fees will be assessed on a pro-rated basis for any partial year that a student attends upon enrollment. The facilities, materials, and activities fees will be assessed in full for any student starting at any time before the first day of second semester. For April Enrollment, the April Enrollment fees apply.

Pro-rated Fees for Partial Year Enrollment with Known Withdrawal Date

In cases when a student will not stay for a full year, and when that situation is reported to the school before the student commences study for that year (by August 15 at the latest), a pro-rated fee may be negotiated based on the amount of time the student will be in attendance. Note that once a pro-rated fee has been negotiated, the student will lose his/her place on the roster as of the final negotiated day of fee payment. Please consult the school for more details about pro-rating fees for a known mid-year withdrawal date.

Refunding Tuition Fees

All school fees are due in full regardless of the chosen payment plan (lump sum or three installments). The three installment payments are meant to ease the financial burden of a lump sum payment.

Refunds for early withdrawal can be given based on the following REPORTING schedule. Please note that a completed Withdrawal Form must be received by the reporting deadline in order for the refunds to be issued.

Date of Withdrawal	Deadline for Reporting Withdrawal by Submitting the Withdrawal Form (in order to be eligible for the refund)	Application Fee Registration Fee Registration Deposit	Facilities Fee Materials Fee Activities Fee	Tuition Fees
Before first day of school	August 15	No refund	Full refund	Full refund of tuition fees
During Quarter 1 (until November 8)	September 1	No refund	No refund	Refund of two thirds of tuition fees
During Quarter 2 (until February 1)	October 1	No refund	No refund	Refund of one third of tuition fees
On or after February 1		No refund	No refund	No refund

Please note that discounts for lump sum payments are revoked when students are withdrawn mid-year.

Tsukuba International School
Special Class Trip Fees
2024-25 Academic Year

In addition to our regular educational field trips (covered by the Activities Fee), our students go on a special excursion with their classmates every year. This trip is a mandatory part of the TIS educational program. We ask parents to contribute the following amounts for these trips. The amounts may vary slightly each year based on the costs of the trips, but this is the approximate estimate of the cost per grade. PYP parents will be informed of the actual amount, and the deadline for payment, closer to the time of their child's class trip. MYP / DP parents will be invoiced for the trip fees at the beginning of the school year.

Grade	Estimated Cost to Parents
Pre-Kindergarten	approximately ¥5,000/student
Kindergarten	approximately ¥5,000/student
Grade 1	approximately ¥10,000/student

Tsukuba International School Parent (or Legal Guardian) Agreement 2024-25 Academic Year

STUDENT

Last name

First name

Middle name

1. I understand that Tsukuba International School does not discriminate on the basis of race, color, gender, nationality, national origin, age, religion, creed, disability, sexual orientation, gender identity or gender expression in the administration of educational policies and procedures.

2. I understand that Tsukuba International School takes its role advocating for and safeguarding children very seriously. All students at Tsukuba International School have the right to be safe from abuse and neglect. Child abuse and neglect of any kind in the home, in their daily lives, while at school and while on any school-related activity is absolutely not tolerated.

3. I understand that Tsukuba International School is a private institution and, consistent with legal requirements, reserves the right to accept or reject any application at its discretion at any stage of the application process, and will not publicly disclose the reasons for its decisions.

4. I understand that the personal conduct of all students must conform to the standards of the school. I recognize the right of the school to exclude, at any time, a student whose behavior or attitude to learning renders his/her presence undesirable in the classroom.

5. I recognize the right of the school to dismiss permanently any student whose behavior continually conflicts with the goals and guidelines of the school.

6. I recognize the right of the school to assess the grade level of each student at the beginning and the end of each academic school year.

7. Upon acceptance of my child(ren) by Tsukuba International School, I hereby guarantee the payment to the school of my child(ren)'s tuition, fees, and all other due charges and expenses for the full year, unless otherwise agreed in writing prior to the child's enrollment.

8. I have read and understand the Community Policies on Finance and Penalties for Late Payments and I understand that all school fees are due in full regardless of the chosen payment plan (lump sum or three installments). The three installment payments are meant to ease the financial burden of a lump sum payment.

Refunds for early withdrawal can be given based on the REPORTING schedule in the Community Handbook. Please note that a completed Withdrawal Form must be received by the stated reporting deadline in order for any refunds to be issued, with October 1st being the latest reporting deadline for a withdrawal in the third or fourth quarter of that school year.

9. I voluntarily waive any claim against the school, its governing authorities and administrators, teachers, and volunteers, in the case of any accident my child(ren) might encounter while at school, on any school outing or field trip, and during transportation to and from school by car-pool, etc.

9. If the parent(s), legal guardian(s) or other persons named on the Health Appraisal Form cannot be contacted in the event of an accident or injury to my child(ren), I hereby authorize school officials to take whatever action they deem necessary to assure the best health care for my child(ren).

11. I have read and understand the Community Policies on Data Protection and Privacy in the Community Handbook and consent to my data/your child's data being collected, processed and used in accordance with the above policy during the course of their time as a student in the school.

12. I understand that Tsukuba International School is authorized as an International Baccalaureate World School offering the Primary Years Programme, Middle Years Programme, and the Diploma Programme. I give permission to the school to submit samples of my child(ren)'s work or images of my child(ren) to the International Baccalaureate Organization. I recognize that the International Baccalaureate Organization may reproduce and publish these materials in any medium for training, promotional or other purposes. I note that all names associated with these materials will be removed along with any information that may lead to the identification of the child or the school.
